## Security Software Engineer

✉ akmarwat9997@gmail.com 📍 Peshawar KPK, Pakistan 🇵🇰 Pakistan

---

### PROFILE

---

A software engineer with hands-on experience in all levels of testing, including performance, functional, integration, system, and user acceptance.

---

### PROFESSIONAL EXPERIENCE

---

12/2020 – present

#### Penetration Tester at Hackersray

My role at HackersRay:

- Penetration testing and assessments on internal servers, web applications, and mobile apps.
- Research and Development of suitable tools for penetration testing.
- Developing Plans to protect applications against unauthorized or accidental modification.
- Analyzing the Outcomes, making recommendations for security improvements.
- Reviewing and document the reports of the vulnerabilities found during the penetration tests.
- Demonstration of the proofs-of-concept of the identified security gaps to clients.

12/2019 – present

#### Software Engineer at Fiverr

Hello, I'm a Freelance Programmer and web designer with over 2 years of working experience in both the freelance and the local market. I'm mainly a Python developer, besides this, I've expertise in C++, JavaScript and PHP. I have a passion for web design and love to code for client's requirements. I designed and developed over 13+ client's projects with their 100% satisfaction utilizing my above-mentioned skills. If you have an application or website you are interested in developing and a problem that needs a solution, feel free to contact me. Thanks.

- Acknowledged by top companies: Microsoft, Nokia, Sony

---

### PROJECTS

---

**College Management System**, Python Django, React, Postgresql

**BookStore**, Python Flask, Postgresql

---

## AWARDS

---

### Hall of Fames

- Microsoft
- Blackberry
- Docker
- Sony
- Nokia ( 2 Time)
- Eset
- Apple
- Oracle
- Blackberry ( 2 time)
- Google
- CVE: Abid Gul Shahid CVE-2019-2809 by Oracle

---

## SKILLS

---

### Python

*Django, Flask, Machine Learning, Automation*

### JavaScript

### BASH

*Automation*

### Linux

### GIT

### HTML5/CSS3

### PHP

### Web Security

*OWASP Top 10*

### HEROKU

---

## EDUCATION

---

09/2017 – present

**BS Computer Science**, Bannu University of Science and Technology

---

## COURSES

---

05/2020

**CS50x Introduction To Computer Science e**, HarvardX

06/2019

**CS50x Web Programming with Javascript and Python**, Harvardx

09/2020

**CS50x Artificial intelligence**, Harvardx

10/2020

**Cyber Security BASE 2020**, University of Helsinki

11/2020

**React 2020**, University of Helsinki

---

## INTERESTS

---

- Video Games
- Badminton
- Machine Learning
- Ethical Hacking
- Coding
